

C12-FL

The C12-6CH is a cylinder bank designed to hold twelve high-pressure cylinders. The C12-FL features a forklift bottom for easy maneuverability by forklift and pallet jack. Available with or without a manifold; just specify the CGA number.

Key features:

- Easily movable thanks to two-sided forklift access, lifting eye and four-corner lifting ears
- Side-loading design is safer to load
- Available with or without a manifold
